On a scale from 1 to 5, with 5 being best:

Please rate the academic chess instruction as a useful tool for your student's overall academic experience.

1	2	3	4	5
---	---	---	---	---

What single thing added the most value to your student's learning experience?

Mr. Ellington!  
His delivery, enthusiasm, praise, engaged all kids, empowered all kids...

What did you like least about the presentation?

What did you like most about the presentation?

Least → that it would be an awesome opportunity for all kids, everywhere!  
Most → My lowest, most withdrawn/hesitant kids were smiling & engaged & it warmed my heart.

Please state any other thoughts about the effectiveness or ineffectiveness of the Chess Tutor with your class?

In 15 yrs. of teaching, I've seen many programs brought to school sites & this by far is my favorite. The style of the delivery, the engagement of all students, regardless of academic level, emotional level, etc. All boundaries were dropped & learning through fun took place.

Thank you for the opportunity you gave us to add value to your school's over all academic experience. Your friends the Chess Test Tutors!!
